

## CONTENTS

---

*Chiheb-Eddine Ben Ncir*

A density-based method for the identification of non-disjoint clusters  
with arbitrary and non-spherical shapes ..... 169

*Reza Fauzan, Daniel Oranova Siahaan, Siti Rochimah, Evi Triandini*

A novel approach to automated behavioral diagram assessment  
using label similarity and subgraph edit distance..... 191

*Raida Elmansouri, Said Meghzili, Allaoua Chaoui*

A UML 2.0 activity diagrams/CSP integrated approach  
for modeling and verification of software systems ..... 209

*Vinod Prasad*

Character frequency-based approach for searching for substrings  
of circular patterns and their conjugates in online text..... 235

*Aminu Adamu, Yusuf Surajo, Muhammad T. Jafar*

SARED: self-adaptive active queue management scheme  
for improving quality of service in network systems..... 251

*V.M. Manikandan*

Reversible data-hiding-through-encryption  
scheme using rotated stream cipher ..... 267
